From 30 kVA up to 1,200 MVA

THE SGB-SMIT GROUP:

TRANSFORMING TOGETHER THE FUTURE OF ENERGY

Power supply companies and industrial enterprises world-wide rely on the products and services of SGB-SMIT Group with subsidiaries in Germany, the Netherlands, Romania, France, the Czech Republic, USA, Malaysia, China, and India.

Resulting from a merger of locally operating, highly successful medium-sized companies, SGB-SMIT Group represents today an efficient international network. Globally, we offer world-class quality and market expertise. Locally, our customers benefit from lean structures and short distances in planning and production, optimized transportation, and exceptional service. SGB-SMIT embodies the best of both worlds with global expertise and local efficiency.

Due to the close collaboration with our customers, this results in focused development. Permanent and structural improvement of the ongoing projects ensures fine-tuning of the services required locally on site.

SGB-SMIT Group focuses exclusively on the manufacture of transformers which satisfy all requirements demanded by the nationally applicable standards. Sales and service centers on all continents ensure optimum processes. SGB-SMIT stands for professionalism, experience, technological expertise, reliability, economic efficiency, and sustainability – this is the basis for the development and production of distribution and power transformers from 30 kVA up to incl. 1,200 MVA within the voltage range of up to 765 kV.
